

endoport

Portsmouth Advanced Endoscopy Symposium

09 - 10 May 2022

Course Director

Professor Pradeep Bhandari

Consultant Gastroenterologist

Portsmouth Hospitals University NHS Trust

Portsmouth, UK

www.endoport.org

Day 1 Thursday 17th March 2022

08:25 – 08:30	Welcome
08:30 – 09:15	Upper GI Neoplasia detection: How do I do it?
08:30 – 08:45	- Barrett's neoplasia (Case based)
08:45 – 09:00	- Squamous neoplasia (Case based)
09:00 – 09:15	- Gastric neoplasia (Case based)
09:20 – 10:05	The role of Artificial Intelligence in Upper GI Neoplasia
10:05 – 10:35	Live Endoscopy (Upper & Lower GI)
10:40 – 11:10	Debate-1: EMR vs ESD in the Management of Barrett's Neoplasia
11:15 – 11:45	Live Endoscopy (Upper & Lower GI)
11:50 – 12:50	Upper GI MDT: Case based panel discussion
12:55 – 13:20	Satellite symposia 1
	- Endoscopic ablation of Barrett's oesophagus
	- Live demonstration of Endoscopic Anti-reflux procedure
12:55 – 13:45	Lunch & Live Endoscopy
13:50 – 14:30	Bariatric Endoscopy in 2022: Panel discussion
14:30 – 14:50	Live Endoscopy (Upper & Lower GI)
14:50 – 15:50	Update on Third Space Endoscopy
	- POEM
	- G-POEM
	- Endoscopic diverticulotomy
	- New Frontiers
15:50 – 16:10	Live Endoscopy (Upper & Lower GI)
16:10 – 16:40	Satellite symposia 2
	- Endoscopic Anti-reflux in 2022
	- Small Bowel endoscopy
16:45 – 17:30	Updates in Upper GI Bleed Management
16:45 – 17:00	- Endoscopic treatment of Non-Variceal Bleed
17:00 – 17:15	- Endoscopic treatment of Variceal Bleed
17:15 – 17:30	- Topical Haemostatic agents
17:30 – 17:45	Live Endoscopy Catch-up & Close

Day 2 Friday 18th March 2022

- 08:30 – 10:00 New Techniques in Colonoscopy
- 08:30 – 09:15 - Artificial Intelligence in Colonoscopy
- 09:15 – 10:00 - Updates on Polyp Resection (Cold resection; Hot resection; Underwater resection, FTRD)
- 10:05 – 10:35 **Live Endoscopy from Milan (Lower GI / HPB)**
- 10:05 – 10:35 **Parallel Symposium**
- Diathermy: Practical Tips
- Endoscopic Clipping: All you need to know
- 10:35 – 11:30 Colorectal MDT (Video Case based panel discussions)
- 11:35 – 12:00 **Live Endoscopy from Milan (HPB)**
- 11:35 – 12:00 **Parallel Symposium**
- Polyp assessment & decision making
- 12:00 – 12:30 **Satellite symposia 1**
- HPB: Biliary access (Difficult cannulation, altered anatomy, AI guided, EUS guided)
- Lower GI Debate 1: Complex right colonic polyp management (Surgery vs EMR vs ESD)
- 12:30 – 13:00 **Satellite symposia 2**
- HPB: Cholangioscopy, Strictures & stones
- Lower GI Debate 2: Large Rectal Polyp Management (TEMS vs EMR vs ESD)
- 13:05 – 13:30 Lunch
- 13:35 – 14:30 **Live Endoscopy from Florida (HPB)**
- 13:35 – 14:30 **Parallel Symposium**
- Technique of colonic EMR: Video demonstration
- Pedunculated polyp: Safe Resection & Prevention of bleeding
- Duodenal EMR: Technique & tricks for reducing complications
- 14:30 – 15:30 **Satellite symposia 3**
- HPB
- o Lumen opposing stents: Now & the Future
- o Controversies in Pancreatic cyst management
- ESD Masterclass
- o Conventional Techniques for ESD
- o Evolution in ESD techniques (Pocket creation, Tunneling, Traction---)

15:35 – 16:35 Prevention and Management of Endoscopic Complications
(Strictures, Bleeding, Fistulas, Perforations)

16:35 – 17:35 New Frontiers in Therapeutic Endoscopy

- 16:35 – 16:55 - Robotic Endoscopy
- 16:55 – 17:15 - Novel EUS Guided Therapy
- 17:15 – 17:35 - Traction ESD

17:35 – 17:45 Catch up & Close
